

Building the Underground Church

A vision and inspired poem:

I saw interconnected tunnels just under the surface on our land.

Prayer lines, intelligence divine, connecting those who are already mine with their inheritance and delivering life and flow where the devil has sought to stunt or arrest growth.

It is the Great Escape – the way out of imprisonment is through the tunnels, the paths dug through prayer to see My people free. Ways furrowed out for movement and connection so those who are free can go in and liberate.

There is effort required to dig through the ground but in the process much treasure will be found and the end of the process is free passage for all those who seek life and liberty.

Dig the tunnels, forge a way through prayer in the spirit and word declaration by faith.

“By means of these He has bestowed on us His precious and exceedingly great promises, so that through them you may escape [by flight] from the moral decay (rottenness and corruption) that is in the world because of covetousness (lust and greed), and become sharers (partakers) of the divine nature.”
