Help Is On Its Way

A vision and a word from the Lord: I saw a flare shoot up and swerve around a bit.

My flare is a warning to the enemy. Dare he continue encroaching on My Kingdom and My army? My flare is a sign that help is on its way. The situation has been assessed and I have seen the position of My troops in the bay.

The enemy might seem to be stronger because of his noise and bluster. His days of dominion however are numbered. Many flares will soon be seen, not as symbols of distress or emergency but as expressions of celebration, for the battle is Mine and My army will soon see victory.

So hold the line, push back and find that all I have said will be done. For I am as bound to My Word as I am My Son.

Glory flares will light up the night sky, giving hope, revealing truth and reminding why I had to die: to break through the darkness and deception of sin. To provide a way back into My perfection, so all evil can be banished and the enemy finally vanquished.
