The Far Right

A vision and a riddle from the Lord, most likely for the people of Germany:

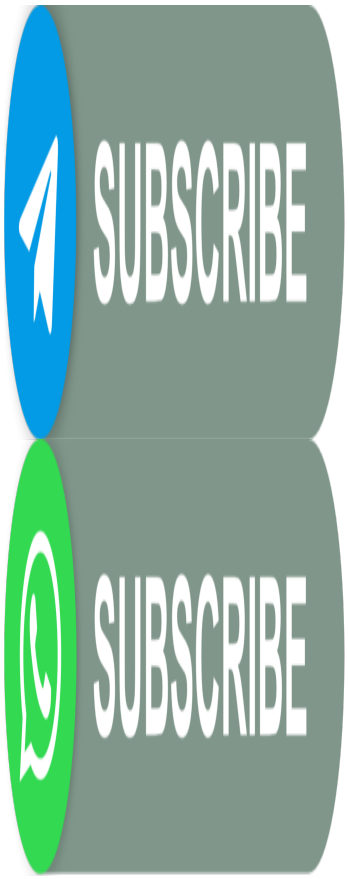

I saw a cloudy sky but with a break in the clouds over on the far right, where the sun was shining through.

A break in the clouds
An opportunity to shout
To declare truth
To shout it from the roofs
Unashamedly and unapologetically
Armed with truth and liberty

Shining the light of the Word
Illuminating the path of life
Pointing people to hope
To provision in the dark
The Son is rising
With healing in His beams

So on the third day look to the East and expect to see His rising above the cloud and confusion. He will be seen clearly despite the pervading atmosphere of tyranny, for He is greater. And what He has ordained is greater if the hope-bringers and truth-singers continue fearlessly declaring His words and generously sowing His seeds.

> *"For behold, the day is coming, burning like an oven, when all the arrogant and all evildoers will be stubble. The day that is coming shall set them ablaze, says the Lord of hosts, so that it will leave them neither root nor branch.*
>
> *But for you who fear my name, the sun of righteousness shall rise with healing in its wings. You shall go out leaping like calves from the stall."*
>
> *Malachi 4:1-2 (ESV)*
