# Yellow Butterfly

*A vision and word from the Lord*:

I saw a yellow butterfly flitting and fluttering over a very grey, industrial looking scene.

“The butterfly connects you with everything that is not yet visible but will soon become visible.

The butterfly transforms from a grub into something very special. No longer connected to the earth but free like the wind.

It leaves the grey behind and blows where I want, airy and light, not sad or threatened by anything because I AM the wind and I carry it.

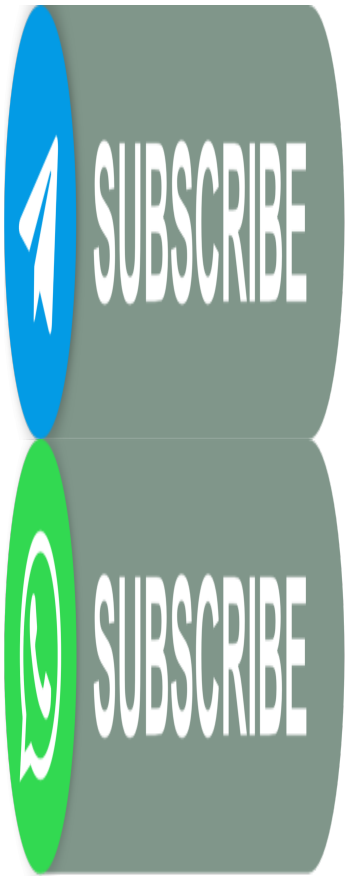

Butterfly of freedom: born and sheltered. Completely dependent on Me to fly. Without My wind, nothing works for the butterfly.”

*Translated from the original German.*

Interpretation

Since the yellow butterfly is a symbol of the 1.5 million children murdered in the Holocaust, it is perhaps also a symbol of the spiritual genocide currently taking place in our institutionalised marxist state education system – an issue very much on the author’s heart.

> *“Hear, O Israel: The Lord our God, the Lord is one.*
>
> *You shall love the Lord your God with all your heart and with all your soul and with all your might.*
>
> *And these words that I command you today shall be on your heart.*
>
> *You shall teach them diligently to your children, and shall talk of them when you sit in your house, and when you walk by the way, and when you lie down, and when you rise.”*
