Fight & Flight

An inspired poem for educators:

Teach them how to fight
Fight until the battle is won
Teach them how to fly
Fly until the job is done

Fight and flight
Will maintain height
The height required to win
And bring the enemy down

The key to fight is determination
The key to flight is connection
Over and above is the only direction
Destined to destroy the dark
And release My resurrection

> *"But those who wait on the Lord Shall renew their strength; They shall mount up with wings like eagles, They shall run and not be weary, They shall walk and not faint."*
