# Bouncing Bomb

*An insight from the Lord on what will soon transpire for the author's husband, for the benefit of all who love the Lord:*

The bouncing bomb bounced, bounced, bounced along, landing right where the inventor intended it to fall, right against the enemy's wall.

The impact produced a devastating effect, disrupting the enemy's weapons production, through water release and redistribution.

Using incendiaries, rearrange the enemy's territory. Wreak havoc where havoc has been spawned. Release the cleansing power of My Spirit flood.

> *"To the person who pleases him, God gives wisdom, knowledge and happiness, but to the sinner he gives the task of gathering and storing up wealth to hand it over to the one who pleases God."*
