Divergents

An inspired poem:

Divergents are dangerous
Dangerous to the system of delusion that has kept many under a spell
Dangerous to the kingdom of darkness that seeks to keep people bound
Dangerous to the web of lies woven by a desire to control

Break the spell
Shatter the illusion
Let the light shine in the darkness
Let the day dawn and life be reborn

Walk not in darkness
Live not by lies
Forge a new path forward
Defy the confines

Guard your vision and let it become a fission*
As you see a rising insurgence of divergents
Those who will not be silenced or deceived
Those who see with clarity and live accordingly

Will you be divergent for Me?

*** fission**
: to divide the nucleus of an atom, resulting in the release of a lot of energy.

> *"For once you were full of darkness, but now you have light from the Lord. So live as people of light! For this light within you produces only what is good and right and true.*
>
> *Carefully determine what pleases the Lord. Take no part in the worthless deeds of*

evil and darkness; instead, expose them.

It is shameful even to talk about the things that ungodly people do in secret. But their evil intentions will be exposed when the light shines on them, for the light makes everything visible.

This is why it is said, "Awake, O sleeper, rise up from the dead, and Christ will give you light."

So be careful how you live. Don't live like fools, but like those who are wise. Make the most of every opportunity in these evil days."
